

DERBY TRAIL HEAD

NEW CAMPING TAP & GO

The NEW tap & go machine is located on the external wall of the Trailhead shower/toilet amenities.

In terms of operation, it's simply tap and go with a single charge of **\$27**. Campers pay each night that they stay. Once the transaction is completed, there's an option to display a QR code which when scanned with a phone allows for a digital receipt to be downloaded.

Signage with conditions of stay is located at the entrance to the camp ground.
