

Notice of Objection – Varied General Rate

In accordance with Council's 2025/26 Rate Resolution, a variation of the General Rate has been adopted for properties used for forestry purposes.

In accordance with section 109 of the Local Government Act 1993 (Objections to Variations) a ratepayer may object to a variation in a rate if the use of the ratepayer's land is not the use of land on which the variation is based. Valid objections must:

- Be made in writing within 21 days of receiving your rates notice;
- Be lodged with Council's General Manager;
- State the use of the ratepayer's land; and
- Be accompanied by evidence of the use of the land.

Council has developed this form with regard to the prescribed factors outlined above that must be included in an objection to a variation. To object to the Varied General Rate, please complete and return this form with the required evidence to support your objection within 21 days of receiving your 2025/26 rates notice.

Evidence

If you are objecting on the basis that your property is not being used for forestry purposes, please provide supporting evidence.

What happens next?

Council will review your objection within 60 days after a valid Notice of Objection has been lodged, and will advise you in writing of the decision. Council may determine that the Varied General Rate is still applicable to your property. However, you may apply to the Magistrates Court (Administrative Appeals Division) for a review of Council's decision.

PART 1: Applicant Details	
Property Owner's Full Name:	
Property Address:	
Postal Address (if different from above):	
Phone Number:	Email Address:
PID - Property Number (as appears on your rates notice):	
Preferred Method of Contact	☐ Email ☐ Australia Post
