The following questions were received without notice from members of the public present:

Lawrence Archer, Bridport:

Council management report that they have spent approximately \$10,000 on legal advice in relation to Right to Information requests. As Section 3 of the Right to Information Act states:

The object of this Act is to improve democratic government in Tasmania

- a. by increasing the accountability of the executive to the people of Tasmania;*
- b. by increasing the ability of the people of Tasmania to participate in their governance; and*
- c. by acknowledging that information collected by public authorities is collected for and on behalf of the people of Tasmania and is the property of the state.*

Why does Council spend \$10,000 on legal advice to oppose requests for information and ignore guidelines and advice published by the Ombudsman?

Response from Mayor Greg Howard:

As clearly a lot of the questions don't meet any of those aims stated in the Act.

Can Council provide an update on the new Derby Depot including:

- 1. the expected date of occupation;*
- 2. the reasons for the delays; and*
- 3. the total costs to date?*

Response from Mayor Greg Howard:

1. Unknown, due to the matter still being processed by the Solicitor-General.
2. This matter still sits with the Solicitor-General with Council yet to see a lease for parcel of land.
3. **QUESTION TAKEN ON NOTICE**

Nil

The following question was taken on notice at the 15 November 2021 Council Meeting:

Councillor Leonie Stein:

As we know there certainly is a parking issue in Bridport, one we will address by extending the CWA carpark by a certain degree, but at the top IGA opposite an entrance into the proposed food truck park – that’s probably the busiest and most dangerous section of the Bridport Main Street. I think with the additional parking that the food park is going to attract, it is going to make it extremely precarious in that area during opening hours. Is there any way that we, as a Council, can be responsible and put time constraints on the parking along the entire Main Street?

Response from General Manager, Tim Watson:

Council has the authority to restrict parking wherever it sees fit. The issue however, is the policing of parking restrictions. The local constabulary have confirmed that Police do not involve themselves in enforcing parking restrictions due to the labour intensive nature of collecting evidence to enforce infringements.

Deputy Mayor Dale Jessup:

Relating to the new Scottsdale Aquatic Centre. I would like to start by stating that it is an absolutely magnificent facility so I don’t want to take away from that at all. Relating to safety of the bollards that have been installed for the shade cloth. Around the bottom of the bollards there are some steel metal cleats to hold the poles up – they look very sharp to me. I am concerned that if someone was to slip around the wet play area in particular and hit their head on the bottom of one of those bollards they might have a fairly severe injury. Has this potential safety issue been assessed and what was the outcome?

Response from Director – Works & Infrastructure, Dwaine Griffin:

The Pool complies with all regulations. This was raised a couple of weeks ago and I did reassess the risk assessment and I am confident that it is low risk.
