CARRIED UNANIMOUSLY

Item 95/2026 Confirmation of Agenda

DECISION

MOVED: Cr Powell | SECONDED: Cr Chilcott

That Council confirm the Agenda and order of business for the 18 May 2026 Council Meeting.

CARRIED UNANIMOUSLY

Item 96/2026 Public Question Time

²Members of the Public can ask a maximum of two question(s) without notice during Public Question Time. The Chairperson reserves the right to consider questions above this limit be accepted or treated as correspondence.

Any person asking a question is asked to stand (if able), clearly state their name and suburb they live.

Question(s) must be clear and concise, not be a statement and have minimal pre-amble. Any answer given is not to be debated.

Members of the public must provide any question(s) without notice in writing to the Executive Assistant either before the commencement of the Meeting or within 24 hours.

² In accordance with Regulations 33, 36 & 37 and Council Policy No. 41: Council Meeting Procedures

The following questions were received without notice:

Lawrence Archer, Bridport

1. *In the first 9 months of this financial year the aquatic centre has recorded a net deficit of \$557,000 and the Derby mountain bike trails has recorded a net deficit of \$578,000 for a total deficit of \$1.135 million in 9 months of operation. Does Council consider this level of loss sustainable in the long term?*

Response from Mayor Beattie:

Regarding the cost of Blue Derby, I think that the economic data that was provided through the recently completed review facilitated by the Tas Mountain Bike Network (don't quote me on their name) showed that Blue Derby as a mountain bike destination is well and truly worth the investment, and as Council we see the value in that.

Regarding the swimming pool, all pools cost a significant amount of money, and we as Council feel that if there's a way that we can reduce the burden on ratepayers with the pool, then we would go down that road. A pool is an important part of the cultural environment that we're trying to create in Dorset, but I think it is, once again, a sound investment and long-term losses are sustainable.

2. *Does the \$578,000 deficit of the Blue Derby trails include the \$120,000 +/- that Council provides to the Blue Derby Foundation?*

Response from Finance Manager:

That \$125,000 payment was a one-off payment in their first year of operation to help them get started. So that isn't included in this financial year.

3. *The Bridport Caravan Park has achieved a surplus of \$321,000 for the first 9 months of this financial year. What is the surplus / deficit for Council's other caravan parks at Scottsdale, Branxholm and Derby?*

TAKEN ON NOTICE

Item 97/2026 Public Address of Meeting

³Members of the public can make a statement at a Council Meeting; it is not question or discussion time with Councillors. Prior to making a statement, the person is asked to stand (if able), clearly state their name and suburb they live.

Members of the public wishing to address Council at a Meeting shall indicate their intent and subject matter in writing by 10am on the Friday prior to the Meeting.

A person seeking to make a statement may speak for a period up to 3 minutes but may be extended at the discretion of the Chairperson to a maximum of 5 minutes.

All proposed statements are to be provided in writing prior to the Meeting to allow for circulation and inclusion in the minutes of the Meeting.

Scott Timmins (representing Branxholm Events Committee)

Subject of address: Community support from the Council and Councillors for community groups.

***This request to address the Meeting was withdrawn on 17 May 2026.*

³ In accordance with Regulations 46 and Council Policy No. 41: Council Meeting Procedures

⁴Councillors can ask a maximum of two question(s) without notice during Councillor question time. The Chairperson reserves the right to consider questions above this limit be accepted or treated as correspondence.

Question(s) must be clear and concise, not be a statement, have minimal pre-amble, not offer an argument or opinion, draw conclusions, or make any accusations. Any answer given is not to be debated.

Councillors must provide question(s) without notice in writing to the Executive Assistant either before the commencement of the Meeting or within 24 hours.

The following questions were **taken on notice** at the 20 April Council Meeting:

Councillor Chilcott:

The army is selling the property in Scottsdale and moving out by the suggested November. Could the Council apply to keep the guns from the front of the facility in Scottsdale and have them placed in the reserve surrounding the war memorial to complement the military museum which is stated to be one of the best in the state?

Update from Director – Community and Development Services:

Council Officers are currently liaising with relevant agencies.

Councillor McLennan:

Can the Council commence works at Croquet Lawn Beach as this is separate to the work that MAST are undertaking and access to the beach is currently unsafe? I am aware that it was going to be done in conjunction with the pier but as it is Council responsibility shouldn't we be looking at it now.

Response from Director – Infrastructure:

This matter will be discussed at an upcoming Workshop.

Councillor Teichmann:

- 1. Have Council found out what happened with the audio-video recording of last month's meeting, what investigations did Council conduct and did Council seek the assistance of an external IT expert to either determine the cause of the problem or try to assist with the recovery of the minutes/recording?⁵*

Response from Director – Corporate Services:

In the afternoon prior to the 23 March 2026 Council Meeting, the hardware used to record Council meetings experienced a critical failure. The system had been operating as expected prior to that.

Officers consulted Council's external IT support and implemented a temporary solution, which successfully recorded the closed session.

Following the conclusion of the open session, it was identified that while a recording file had been created, it did not contain any audio or video. Attempts to recover the recording

⁴ In accordance with Regulations 33, 34 & 35 and Council's Policy No. 41: Council Meeting Procedures

⁵ This question has been revised to reflect the version recorded in the 20 April Minutes, rather than what was included in the circulated agenda paper, which contained an administrative error.

were unsuccessful. Subsequent advice from Council’s external IT support confirmed that the data was not recoverable due to a configuration issue within the recording software.

Council’s external IT support attended the Chambers on Wednesday, and the hardware has since been replaced and tested.

2. *Regarding the potential to install a micro-irrigation system along some of the trails in Derby, the answer that was previously given was that it wasn’t viable; I’m just wondering what investigations Council undertook to ascertain that it wasn’t viable, given that Derby actually has a 20 ML water right with TasWater, who are holding it for Derby, from the Cascade Dam.*

Response from Director – Infrastructure:

Council have liaised with subject matter experts, and it is not financially viable.

The following question was received **without notice**:

Councillor Teichmann

Why is it not allowed for people to make their own recordings of Council meetings, providing obviously that it’s an open session? Is this not an open forum, and what possible reason could there be to prevent people from recording the meeting, given that it’s being recorded by Council and given that if people had been able to record it we might have had a back-up copy available to at least meet the legislated requirements under the Local Government Act, to record Council meetings, which we’ve failed to do, because of that provision, potentially, that prevents people from recording it, which I don’t actually understand the need or the reason for?

Response from Executive Assistant:

The reason for this is that Council must retain control over recordings in case any defamatory, legally incorrect or otherwise inappropriate content is captured. This allows Council to redact that material and include a notation in accordance with the Meeting Regulations. If another person makes a recording, Council has no control over how that recording is used or distributed elsewhere.

COMMUNITY UPDATE: Pioneer Dam Dewatering and Decommissioning Update

On 11 May 2026, Council in conjunction with the Pioneer Lake Advocacy Group stakeholders received the following update from the Tasmania Parks and Wildlife Service on the Pioneer Dam.

The Parks and Wildlife Service (PWS) wish to advise that procurement of contractors to support dewatering and decommissioning of Pioneer Dam was completed in April. The civil contractor is Shaw Contracting (AUST) Pty Ltd. Entura (Hydro-Electric Corporation) is providing engineering, environmental and superintendent services to support the project.

Contractors have been present at the site in recent weeks as engineering and environmental assessments were undertaken. Shaw Contracting will mobilise to site tomorrow (12 May 2026) to commence site preparation for dewatering of the dam. Once commenced, it is expected that dewatering and decommissioning works will take approximately 6 weeks to complete.

Access to the site during dewatering and decommissioning will remain restricted. At completion of decommissioning, public use of Pioneer Lake will reopen.

The Pioneer Dam Safety Emergency Plan has been reviewed and updated by Entura prior to commencement of works. A copy of the updated plan will be forwarded to plan holders separately.

Any enquiries about the work can be addressed to Property Services - propertyservices@parks.tas.gov.au.
