

DID YOU HEAR THE NEWS?

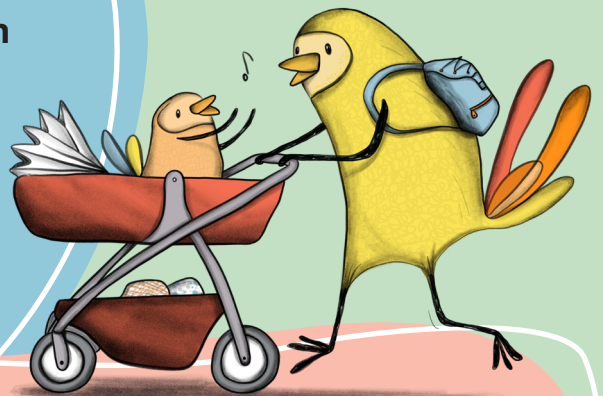

Dorset is getting its very own Child and Family Learning Centre (CFLC)!

The Department for Education, Children and Young People is asking local people to get involved and help shape the services that the new CFLC will offer.

CFLCs provide free tailored support and access to services for families with children from birth to age 5, in their local community.

Visit greatstart.tas.gov.au for more information on CFLCs!

Parents, community members and service providers are invited to join the Local Enabling Group (LEG) for the new Dorset CFLC.

The LEG will inform the design of the Dorset CFLC and the services it will provide, to ensure it is tailor-made to serve local families.

Community consultation on the new Dorset CFLC will commence in February 2025 and construction is expected to commence in 2026.

Visit decyp.tas.gov.au/dorsetcflc for more information about the project.
